At this point, we should only be setting up meetings and introducing ourselves to talk about LAMP. We should not ask over the phone about ops, and I apologize if we raised eyebrows.

Daniel,

I spoke to one of our stakeholders last night and he mentioned that he had received a call from you asking for information about their operation. He was suspicious about the request from LAWA until I explained that I had suggested that LAWA Planning reach out to learn more about the operations of our businesses along 98th Street.

I suggest that when you introduce yourself you mention that I have suggested this outreach. It might help you get responses.
